ADIRONDACK PARK AGENCY

MISSION

The Adirondack Park Agency (APA) was established in 1971 to "insure the optimum overall conservation, protection, development and use of the unique scenic, aesthetic, wildlife, recreational, open space, ecological and natural resources of the Adirondack Park." The Park itself was created in 1892, and contains six million acres of publicly and privately owned lands.

ORGANIZATION AND STAFFING

The APA is governed by an 11-member board, including the Commissioners of Environmental Conservation, Economic Development and the Secretary of State. The other members, five of whom must be Park residents, are nominated by the Governor and confirmed by the Senate. The principal functions of the Adirondack Park Agency are:

- Reviewing and issuing permits for private and State land-use projects, consistent with the Adirondack Park State Land Master Plan and the Adirondack Park Private Land Use and Development Plan, and for certain activities on or near fresh water wetlands, pursuant to the 1975 Freshwater Wetlands Act;
- Helping local governments develop land use plans and providing technical expertise;
- Administering the State's Wild, Scenic and Recreational River System; and
- Operating two Visitor Interpretive Centers: one near Paul Smith's College in Franklin County, and one in Newcomb, Essex County, at which visitors can better understand and appreciate the Park's resources.

The Adirondack Park Agency's responsibilities are carried out by the following divisions: Planning, which handles local and regional land use policy issues; Counsel's Office, which provides legal advice to all Agency functions and oversees jurisdictional determinations and enforcement functions; Regulatory, which performs the Agency's permitting function; Interpretive, which operates the Visitor Centers; Resource Analysis, which conducts scientific research of the ecology of the Adirondacks; Economic Services, which assists project sponsors in the review process; and Local Government Services, which provides technical expertise and assistance to communities. For 2006-07, the Adirondack Park Agency will have a workforce of 59 positions.

FISCAL BACKGROUND AND BUDGET HIGHLIGHTS

The Agency's 2006-07 operating costs will be funded with State tax dollars and Federal grant moneys. The Executive Budget recommends funding of \$4.5 million in General Fund support for the Agency's operations. This overall recommendation will support the Agency's core regulatory functions and the operation of the Visitor Interpretive Centers at Newcomb and Paul Smith's.

In addition, the Executive Budget recommends General Fund support of \$50,000 for the Adirondack Park Local Government Review Board. The Board advises and assists the APA in carrying out its responsibilities and monitors the implementation of the Adirondack Park Land Use and Development Plan.

PROGRAM HIGHLIGHTS

Since 1995-96, the Agency has worked to achieve a balance between strong environmental protection and sustainable economic development opportunities for the residents of the Adirondack Park. The Agency's priorities for the future include continued updating of the Agency's rules and regulations, facilitating the development of land use plans by local governments, providing local governments with technical expertise and

ADIRONDACK PARK

training, working toward completing Unit Management Plans for the State lands of the Adirondack Park and improving resource data base information to better protect the resources of the Adirondack Park.
