

**Amendments to Senate S2608-A; Assembly A3008-A  
(TED Article VII Bill)**

**Part R**, relating to the issuance of hunting and fishing licenses, is added to:

- Amend the hunting and fishing license fees to simplify and streamline the structure of fishing, hunting and trapping licenses, and reduce the price of such licenses.

**Part S**, relating to on-site back-up power capacity at certain retail gasoline outlets, is added to:

- Require certain retail gasoline outlets to be prewired for the use of an alternate generated power source; to possess a plan for the emergency deployment of such power sources; to be inspected for and certify compliance with provisions of this amendment; and to provide documentation of such deployment plans.
- Provide grants, up to \$10,000 each, to certain retail gasoline outlets for costs required to prewire existing retail outlets for the use of an alternate generated power source and to purchase such power source.
