

Empire State Development Corporation

Mission

Doing business as Empire State Development (ESD), the Urban Development Corporation (UDC) is a New York State public benefit corporation. Its overall objective is to promote a vigorous and growing state economy, encourage business investment and job creation, and support diverse, prosperous, local economies across New York State through the efficient use of loans, grants, tax credits, real estate development, marketing, and other forms of assistance.

Organization and Staffing

In 1995, the operational efforts of the Department of Economic Development (DED) and the Urban Development Corporation (UDC) were consolidated to form Empire State Development.

Empire State Development is headed by a President/CEO appointed by the Governor, subject to Senate confirmation. ESD is governed by a nine-member board of directors comprising two ex-officio members and seven members appointed by the Governor with the consent of the Senate. ESD operates regional offices in Binghamton, Buffalo, Elmira, Hauppauge, New Windsor, New York City, Plattsburgh, Rochester, Syracuse, Troy, Utica, and Watertown, with headquarters in Albany, Buffalo, and New York City.

ESD also has an International Division with a network around the world, including offices in Canada, China, Israel, Mexico, South Africa, and the United Kingdom.

Budget Highlights

The FY 2019 Executive Budget recommends more than \$1.35 billion in new spending authorization in support of various ESD programs and initiatives, a reduction of \$1.3 billion (49 percent) from FY 2018, which largely reflects one time capital funding provided in FY2018.

Major budget actions include:

- **Regional Economic Development Councils.** \$150 million to support a new round of funding for the Regional Economic Development Councils initiative. The Budget provides funding to support new competitive economic development projects identified by the Regional Councils to further advance each region's long-term economic development strategies. The Plan also includes a \$150 million recurring annual commitment for the Regional Councils in FY 2020 and beyond.
- **Life Science Public Health Laboratory.** \$600 million to support construction of a world-class state-of-the-art life sciences public health laboratory in the Capital District.

Program Highlights

- **Clarkson-Trudeau Partnership.** \$5 million to support an on-going partnership between the State, Clarkson University, and the Trudeau Institute to form a biotech enterprise and further establish the North Country Region as a center of biotechnology research and development.
- **New York Works Economic Development Fund.** \$200 million for the New York Works Economic Development Fund as part of the New York Works initiative. This Fund will provide capital grants to support projects that facilitate an employer's ability to create new, or retain existing, jobs, or to fund infrastructure investments necessary to attract new businesses or expand existing businesses.
- **Market New York.** \$8 million to support Market NY to support tourism marketing plans and projects that best demonstrate regional collaboration among counties and promote regional attractions.
- **High Technology Innovation and Economic Development Infrastructure Program.** The budget includes \$300 million for initiatives that foster research and development of innovative technologies and leverage private investment in advanced science and technology, economic development initiatives, infrastructure, manufacturing, and other economic development initiatives that leverage private investment in regional projects that create or retain jobs.
- **Innovation Hot Spots and Incubators Program.** The Executive Budget authorizes \$5 million in new funding to continue to foster innovation by offering start-up companies valuable business support services; to help commercialize academic research; and promote further collaboration between business and academia.
- **Promote Tourism and Business Investment.** The Budget includes \$44.5 million to support efforts to

promote New York State as a tourism destination; attract and expand business investment and job creation; and support economic development initiatives of the State.

- Economic Development Investments. The Budget includes \$35 million to support ongoing economic development initiatives including the New York State Economic Development Fund, the Minority- and Women-Owned Business Development and Lending Program, the Urban and Community Development Program, the Entrepreneurial Assistance Program, and international trade efforts.
- High Technology Grants. The Executive Budget authorizes over \$35 million to support ongoing university-based matching grants and other high technology and research and development programs administered by the Department of Economic Development's Division of Science, Technology and Innovation.
