

State University Construction Fund

Mission

The State University Construction Fund (SUCF) is a public benefit corporation, established to serve as the construction agent for academic, hospital and student service facilities at State-operated institutions and statutory colleges under the jurisdiction of the State University of New York (SUNY). Consistent with the State University's Master Capital Construction Plan, SUCF oversees construction, acquisition, reconstruction and rehabilitation or improvement of such facilities.

Organization and Staffing

SUCF is governed by a three-member Board of Trustees appointed by the Governor.

SUCF's operations are administered by a General Manager and senior administrative personnel across functional areas including administration and operations, pre-construction services, and construction management.

Budget Highlights

The FY 2021 Executive Budget provides \$25.1 million in funding for the SUCF, unchanged from prior year funding levels. This funding provides SUCF with resources to address the design, planning and construction management workload of SUNY's ongoing capital plan.

The Executive Budget recommends a workforce of 141 FTEs for the SUCF, consistent with FY 2020 levels.
