

The Legislature

<https://www.nysenate.gov/>

<https://nyassembly.gov/>

The New York State Constitution vests the State's law-making power in a two-house Legislature composed of a 63-member Senate and a 150-member Assembly. Each representative is elected for two-year terms, with all 213 being elected every two years. The Legislature convenes annually on the first Wednesday after the first Monday in January and remains in session until it concludes its business. The Legislature has many powers set by the State Constitution. These include:

- ◆ ability to propose laws;
- ◆ ability to override a gubernatorial veto, if two-thirds of the Senate and Assembly vote to do so;
- ◆ reapportionment of legislative and congressional districts every ten years after the national census;
- ◆ confirmation by the Senate of gubernatorial appointments of non-elected state officials and court judges;
- ◆ proposition of amendments to the State Constitution;
- ◆ voting on ratification of proposed amendments to the Federal Constitution; and
- ◆ creation, regulation and, in some limited cases, abolition of local governments.

The Legislature's Budget authorizes funding for:

- ◆ Senate
- ◆ Assembly
- ◆ A portion of the Lieutenant Governor's office;
- ◆ Fiscal committee operations in each house of the Legislature; and
- ◆ Joint entities that serve both houses of the Legislature.

Legislative Budget Highlights

The recommended General Fund appropriation of \$245,241,806 for FY 2020-21 for the Legislature represents an increase of 2% or \$4,808,663 from the amount appropriated in FY 2019-20.

The 2% increase in the FY 2020-21 Legislative Budget is necessary to keep up with rising costs. This increase is in line with the 2% increases negotiated on behalf of the state workforce unions, and below the Governor's projection for annual growth in State Funds Spending of 4.6%, as published in the FY 2020 Enacted Financial Plan. The total ten year growth of the Legislature's budget is 12.6% based on the FY 2010-11 appropriation of \$217,844,801. Comparable growth in State Funds Spending over this ten year period is 32.4%. Furthermore, in seven of the last ten years, the Legislature had either NO increase or a reduction in appropriations.

The recommended appropriations for Special Revenue Fund-Other appropriation of \$1,600,000 and for Grants and Bequests Funds of \$500,000 for FY 2020-21 represent no changes from the amounts appropriated for FY 2019-20. No tax revenues are required for Special Revenue Funds, nor for Grants and Bequests Funds.

Lieutenant Governor

The Lieutenant Governor serves as the Senate's President and has a casting vote. The Lieutenant Governor's salary of \$190,000 and also a portion of the operations of the Lieutenant Governor's Office appear within the Legislative Budget.

Budget Highlights – Lieutenant Governor

The recommended appropriation of \$300,189 for FY 2020-21 for the Lieutenant Governor represents an increase of 2% or \$5,886 from the amount appropriated for FY 2019-20.

Senate

The Senate is composed of 63 Members elected for two-year terms from districts around the state. Each Senator represents approximately 308,000 constituents. The Senate conducts its legislative business through the operation of 38 Standing Committees.

The Senate elects from among its Members for a two-year term a Temporary President and Majority Leader who directs and guides the business of the Senate, appoints Members to Senate Standing Committees, and appoints the Senate's staff. The Temporary President and Majority Leader serves as the presiding officer in the absence of the Lieutenant Governor or may delegate this duty to another Member. Each Conference of the Senate chooses a Leader from among its membership.

Budget Highlights – Senate

The recommended appropriation for the Senate of \$102,562,983 for FY 2020-21 represents an increase of 2.0% or \$2,011,039 from the amount appropriated in FY 2019-20. This modest appropriation increase is only the fourth time in twelve years that the Senate has increased its' budget. Also, in SFY 2020-21, there will be 27 pay periods, thereby increasing overall Senate personnel service expenses. Since January of 2011, the Senate has achieved cost savings by reducing staff levels, consolidating certain administrative functions and departments, restricting staff travel and creating other operational efficiencies. Furthermore, the increased costs associated with the creation of a 63rd Senatorial Seat in 2013 have been absorbed within existing appropriation authority. The FY 2020-21 increase is necessary to support the operations of the Senate and provide staff salary adjustments that are in line with the increases provided in recent collective bargaining agreements for other unionized State employees.

Assembly

The Assembly is composed of 150 members, from districts around the state, who are elected for two-year terms. Each Member of the Assembly represents approximately 129,000 constituents. The Assembly conducts its legislative business through the operation of 37 standing committees.

The Assembly members elect a Speaker who directs and guides the business of the Assembly, and appoints members to Assembly Standing Committees and Assembly leadership positions. The Speaker serves as the presiding officer of the Assembly. The minority party of the Assembly chooses a Minority Leader from their membership.

Budget Highlights – Assembly

The recommended appropriation for FY 2020-21 of \$116,834,168 represents an increase of 2% or \$2,290,866 from the amount appropriated in FY 2019-20. Although the Assembly continues to control spending through operational efficiencies, after many years of reductions and zero growth in appropriations, this conservative 2% increase is necessary to keep up with rising costs. In fact this increase is only 14.2% above the appropriation for FY 2010-11 of \$102,296,491. Comparable growth in State Funds spending over this period is 32.4%, based on the Governor's projection for FY 2020-21 of \$119.3 billion, as published in the FY 2020 Enacted Financial Plan.

Fiscal Committees

The Governor's annual budget bills and the budgetary proposals for the Legislature and Judiciary are referred to the fiscal committees of the Senate and the Assembly when introduced and are reported by them, with recommendations, to the Legislature. Designated representatives of the committees are constitutionally entitled to attend the required hearings for the preparation of the budget and to make inquiry concerning any part thereof. These committees also consider all bills introduced in the Legislature carrying appropriations or providing for State expenditures.

In addition, the Chairmen and ranking Minority Members of the Senate Finance Committee and the Assembly Ways and Means Committee function as an Audit Committee, in order receive the results of each independent audit of the state's annual financial statements required pursuant to section eight of the State Finance Law.

Budget Highlights – Fiscal Committees

The recommended appropriation of \$6,372,947 for FY 2020-21 for the Assembly Ways and Means Committee represents an increase of 2% or \$124,960 from the amount appropriated in FY 2019-20. The Senate Finance Committee is funded as part of the Senate's total budget.

Joint Entities and Dues Payments

Legislative Ethics Commission

The Legislative Ethics Commission, established by Chapter 14 of the laws of 2007 and amended by Chapter 399 of the Laws of 2011, is a joint bipartisan commission comprised of four legislators and five non-legislative members. The Commission's duties, enumerated by Section 80 of the Legislative Law, include, distribution, collection and review of financial disclosure statements from legislators, employees and candidates for legislative office, issuance of formal, binding, advisory opinions and adjudication of violations of Public Officers Law based upon substantial basis investigation reports received from the Joint Commission on Public Ethics. The Commission is also required to develop educational materials and ethics training in conjunction with and at the request of the Legislature, respond to informal requests for guidance, maintain a public website and prepare reports as required by statute.

Legislative Health Service

Section 7-b of the Legislative Law provides for a legislative emergency health station for the use of members and employees of the Legislature and legislative correspondents, to be staffed by a registered nurse and suitably and adequately equipped to administer first aid.

Legislative Library

Section 7-a of the Legislative Law provides for a Legislative Library to be located in the State Capitol, conveniently accessible to the members of both houses of the Legislature.

Legislative Messenger Service

The Legislative Messenger Service trains individuals with disabilities as messengers who provide a communications network throughout the Empire State Plaza and neighboring state buildings for Senate and Assembly legislators and their staffs.

Legislative Bill Drafting Commission

The Legislative Bill Drafting Commission is composed of two commissioners jointly appointed by the Temporary President of the Senate and the Speaker of the Assembly. The Commission drafts or aids in the drafting of legislative bills and resolutions, and may advise as to the constitutionality, consistency or effect of proposed legislation upon request of a member or committee of either house of the Legislature.

The Commission maintains and operates the Legislative Retrieval Service, a databank of New York State statutes and rules and regulations of state agencies. The Commission's budget covers the cost of staff, office leases, equipment and supplies, and the printing of legislative bills, session laws, Senate and Assembly Journals, and the Legislative Digest. The Commission receives revenues from the private sale of subscriptions to the Legislative Digest and to the Legislative Retrieval Service (LRS), which are deposited into the Legislative Computer Services Fund, a Special Revenue Fund, and used to offset the costs of operating the Commission's computer systems.

Legislative Task Force on Demographic Research and Reapportionment

The Task Force on Demographic Research and Reapportionment was established by Chapter 45 of the laws of 1978, and provides technical plans for meeting the Legislature's responsibility for reapportionment of Senate, Assembly and Congressional districts. Using a Geographic Information System database, it also conducts research projects relating to the collection and use of census data and other statistical information. The Task Force revenues received from the sale of data and services are deposited in the Legislative Computer Services Fund, and may be used to offset the Task Force's costs. Beginning with the 2020 census, the redistricting process will be subject to the requirements of the amendment to Article 3 of the State Constitution approved by the voters in November, 2014.

National Conference of State Legislatures Dues

The National Conference of State Legislatures (NCSL) is a bi-partisan organization created to serve the legislators and staff of each State Legislature. NCSL provides research, technical assistance, a forum for discussion and information on developments in state-federal relations. All state legislators and their staff members are eligible to participate in the Conference, which is supported from dues assessed to each State Legislature based on state population totals.

Budget Highlights – Joint Entities

The recommended appropriation of \$412,021 for FY 2020-21 for the Legislative Ethics Commission represents an increase of 2% or \$8,079 from the amount appropriated for FY 2019-20.

The recommended appropriation of \$230,923 for FY 2020-21 for the Legislative Health Service represents an increase of 2% or \$4,528 from the amount appropriated for FY 2019-20.

The recommended appropriation of \$872,491 for FY 2020-21 for the Legislative Library represents an increase of 2% or \$17,108 from the amount appropriated for FY 2019-20.

The recommended appropriation of \$992,298 for FY 2020-21 for the Legislative Messenger Service represents an increase of 2% or \$19,457 from the amount appropriated for FY 2019-20.

The recommended appropriation of \$14,219,938 for FY 2020-21 for the Legislative Bill Drafting Commission represents an increase of 2% or \$278,822 from the amount appropriated for FY 2019-20.

The recommended appropriation of \$1,500,000 for FY 2020-21 for the Legislative Computer Services Fund represents no change from the amount appropriated for FY 2019-20. No tax revenues are required for this Fund.

The recommended appropriation of \$2,031,705 for FY 2020-21 for the Legislative Task Force on Demographic Research and Reapportionment represents an increase of 2% or \$39,837 from the amount appropriated for FY 2019-20.

The recommended appropriation of \$412,143 for FY 2020-21 for the National Conference of State Legislatures dues represents an increase of 2% or \$8,081 from the amount appropriated for FY 2019-20.
