

Local Government Assistance

Mission

Local Government Assistance programs provide general purpose aid to municipalities, as well as targeted grant programs and incentives for local government efficiency and consolidation actions. State General Fund-supported programs include the Aid and Incentives for Municipalities Program, Citizen Empowerment Tax Credits, the Citizens Re-Organization Empowerment Grant Program, the Local Government Efficiency Grant Program, the Local Government Performance and Efficiency Program, Video Lottery Terminal (VLT) Aid, and the County-Wide Shared Services Initiative.

Budget Highlights

The Executive Budget recommends \$706 million in All Funds appropriations to fund miscellaneous State aid and assistance programs, including \$676 million in General Fund support to local governments under several aid programs. Included with the All Funds appropriations, the Budget recommends \$2.5 million in General Fund state operating support for the Financial Restructuring Board for Local Governments and \$30 million in Fiduciary Funds to cover contingency appropriation requirements. Overall, this represents a decrease of \$53 million from FY2021 All Funds appropriation levels, due to the replacement of AIM to towns and villages with AIM-related payments, the reduction of AIM to cities based on budget reliance, and also a discontinuation of \$9.3 million for municipalities outside of Yonkers that host a VLT parlor and a recurring five percent reduction for Yonkers.

Obligations against the appropriations for Citizen Empowerment Tax Credits, Citizens Reorganization Empowerment Grants, Local Government Efficiency Grants, Local Government Performance Efficiency Program, and the County-Wide Shared Services Initiative are subject to a five percent reduction.

Program Highlights

County-Wide Shared Services Initiative

Local Government Efficiency Grants

Competitive funding to help cover costs associated with local government efficiency projects, such as planning for and/or implementing a functional consolidation, shared or cooperative services, and regionalized delivery of services.
